1 Introduction

Welcome to the **TbK Library Showcase**. This document demonstrates all the features available in the TbK (Technical Book) LaTeX library for creating professional technical documentation.

1-1 What is TbK?

TbK is a comprehensive LaTeX library designed for creating professional technical documentation. It provides:

- Consistent styling across all document elements
- Professional table and figure handling
- Callout boxes for warnings, notes, and tips
- Specification tables for technical data
- Customizable headers and footers
- Cover page generation

1-2 Document Structure

This showcase is organized into the following sections:

1. **Typography** – Text styling and formatting
2. **Lists** – Various list types
3. **Tables** – Data presentation
4. **Callouts** – Informational boxes
5. **Icons** – Visual elements

2 Typography

2-1 Text Emphasis

TbK uses a professional sans-serif font family by default. You can use standard LaTeX commands for emphasis:

- **Bold text** for important terms
- *Italic text* for emphasis
- `Monospace text` for code and technical terms
- Underlined text when needed

2-2 Headings Hierarchy

The library supports up to 6 levels of headings:

2-2-1 This is a Subsection (Level 3)

Subsections help organize content within sections.

2-2-1-1 This is a Subsubsection (Level 4)

For more detailed organization when needed.

3 Lists

3-1 Bullet Lists

Standard bullet lists for unordered items:

- First item in the list
- Second item with more detail
- Third item to complete the example

3-2 Numbered Lists

For sequential or prioritized content:

1. Connect the power cable
2. Press the power button
3. Wait for system initialization
4. Configure initial settings

3-3 Checklist

For task tracking:

done Read the documentation

done Install required packages

pending Configure the system

pending Run initial tests

Table 1. System Requirements

Operating System
Windows 10/11, macOS 12+, Linux
RAM
8 GB minimum, 16 GB recommended
Storage
500 MB available space
Display
1920x1080 minimum resolution

Table 2. Hardware Specifications

	TBK-2025-PRO
Model Number	
Dimensions	300 x 200 x 50 mm
Weight	2.5 kg
Power Supply	100-240V AC, 50/60Hz
Operating Temperature	0 °C to 40 °C
Storage Temperature	-20 °C to 60 °C
Humidity	10% to 90% non-condensing

4 Tables

4-1 Basic Tables

Simple two-column tables for key-value data:

4-2 Specification Tables

For detailed technical specifications:

4-3 Operation Tables

For describing controls and their functions:

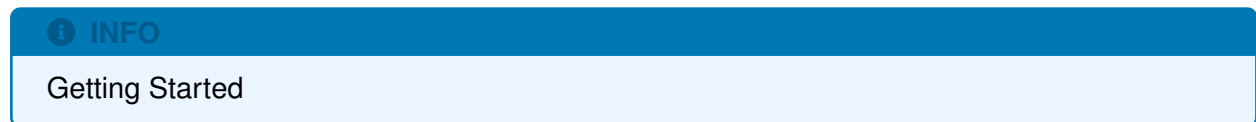

Table 3. Control Panel Functions

Button	Operation
	Power – Turn the device on or off
	Settings – Access configuration menu
	Info – Display system information
	Home – Return to main screen

5 Callouts

Callouts are colored boxes used to highlight important information.

5-1 Information Callouts

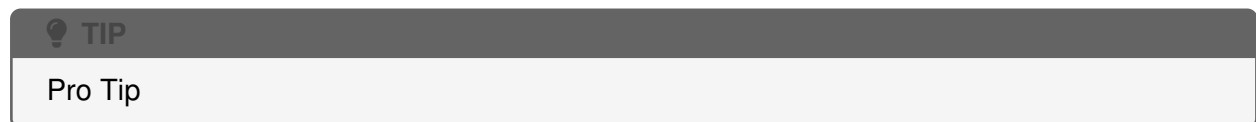

This callout provides helpful information to guide users through a process or explain a concept in more detail.

5-2 Warning Callouts

Always disconnect power before performing maintenance. Failure to do so may result in electric shock or equipment damage.

5-3 Tip Callouts

For best results, calibrate the system monthly. Regular calibration ensures optimal performance and accuracy.

5-4 Note Callouts

Please Note This feature is only available in the Professional edition. Contact sales for upgrade options.

Table 4. Available Icons

	check – Confirmation
	times – Cancel/Error
	info – Information
	warning – Warning
	settings – Configuration
	user – User/Account
	home – Home/Main
	power – Power
	search – Search
	edit – Edit/Modify

6 Icons

TbK includes FontAwesome 5 icons for visual elements.

6-1 Common Icons

6-2 Using Icons in Text

Icons can be used inline: Press  to start, then  to configure.

7 Complete Example

This section demonstrates how multiple TbK elements work together.

7-1 Product Setup Guide

WARNING

Before You Begin

Ensure you have all components listed in the package contents before starting installation.

7-1-1 Package Contents

pending Main unit (1x)

pending Power adapter (1x)

pending USB cable (1x)

pending Quick start guide (1x)

7-1-2 Installation Steps

1. Unpack all components from the box
2. Place the main unit on a stable surface
3. Connect the power adapter
4. Press  to turn on
5. Follow on-screen setup wizard

TIP

Quick Setup

For fastest setup, have your WiFi password ready before starting.
